Hi,

Here is the data as requested. I populated an Excel pivot table.
Let me know if anyone needs any help with it.

Thanks,

Kip

Hi Kip:

We have a request for drug lab test volumes, by technician, by year, from 2003 to present. Yes, 2003!

You had given me a database of all drug lab testing with chemist from mid-2008 to mid-2011 back in August 2011 (I think). Could you readily extend the dates of this query back to 2003? Can you let me know what date range could be readily handled? If it's going to be a significant burden to retrieve any part of this data, please let me know and I'll see how badly they want the info.

Thanks!
Linda
